

# Embracing Warmth, Ensuring Safety

## Upperthorpe Nursery's Green Revolution

Discover the future of nurturing warmth at Upperthorpe Nursery. We're proud to lead with our new eco-friendly Biomass Heating and Hot Water System, delivering comfort and safety to our little ones while helping to protect the planet.

### **PURE AIR, PURE HEARTS:**

Our state-of-the-art system drastically reduces pollution, making the air as clean and pure as our care.

### **A GAS-FREE OASIS:**

We've eliminated the need for gas, creating a safer, greener space for children to play, learn, and grow.

### **SAFETY FIRST, ALWAYS:**

With our boilers housed separately, we ensure the utmost safety and peace of mind for parents and staff.

### **UNINTERRUPTED WARMTH:**

Dual boilers and pumps guarantee that warmth and comfort are always on, no matter what.

### **SUSTAINABLE FROM THE GROUND UP:**

With four months of pellet storage, sourced exclusively from UK's sustainable forests, we're committed to a greener future.

### **ECO-CONSCIOUS EVERY STEP OF THE WAY:**

Our commitment extends beyond warmth; it's about nurturing a sustainable world for our children.
